Keeping it positive with Pleasant Dreamz pillow cases

The Pleasant Dreamz pillow cases

from www.keepingitpositive.net radiate positive messages that instill self-confidence and a positive mindset right before bed. The front of each pillow case is laden with positive messages that really do perk you up and boost your self-image for a good night's sleep and a positive attitude in the morning (which I happen to find particularly difficult to achieve, especially on school days!).

The pillow cases come in the standard size (20" x 30") and are 100% cotton, so they're soft and comfortable. They also come in four different colors: purple, green, blue, and pink. Each pillow is packaged adorably, too, so you can keep them for yourself OR give them as gifts!

The designers of the pillow cases invite you to say the positive affirmations on the pillows aloud every night before going to bed (a little corny), but I think just falling asleep on them works wonders! Pleasant Dreamz pillow cases are comfortable and comforting all in one.

Side note: www.keepingitpositive.net also sells charm keychains, mugs, and baby blankets (coming soon) that have similarly positive messages that keep you confident and sunny throughout the day.

Mom Central received a Pleasant Dreamz pillow case from the KeepingItPositive Team in order to review this product.

This is a great review! You write well, and I like your honesty (about not reading them aloud--you're right, that's corny :)
