## Keeping it Positive Pleasant Dreamz Pillowcases Review

+Keeping it Positive

Keeping a positive mindset can be really hard in these trying times. As parents, it's our responsibility to remain positive and to raise our kids knowing that they can do anything they set their minds to. Yeah, easier said than done. Believe me! I know! I was actually happy to see that there's a product that could help you with that and it's called Keeping it Positive Pleasant Dreamz Pillowcases.

Keeping it Positive was developed out of a desire to help children and adults feel more positive, inspired, self-assured and confident, and KNOW that they can do anything they put their mind to!

The subconscious mind believes whatever you tell it, so by repeating Positive Affirmations daily, you are conditioning your sub-conscious mind to believe these positive thoughts. This powerful Positive Thinking that occurs can truly start to transform your life, by affecting your habits, behavior, mental attitude and reactions, and even reshape your external life.

While it might sound cheesy, it's true! Repeating these sayings to yourself really does help. How do you think sport stars, movie stars, ect made it big? At some point they had to think they were good at what they did and take that chance. That's where the positive affirmations come in to play. Having that said, the Keeping it Positive Pleasant Dreamz Pillowcases make for an easy way to remind yourself or your children to read these positive affirmations to get into a better mind set.

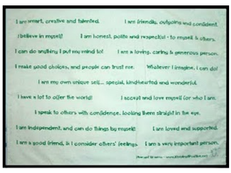
These pillowcases have some great sayings such as:

* I am smart, creative, and talented

* I believe in myself

* I have a lot to offer the world

and many others!



The colors offered (blue, pink, green, purple) are bright and festive enough for any room. I had a chance to review the green pillowcase since green is Mr. B's favorite color. Every night we go through and read them. As I read them and he hears them, we both get great use out of it! I totally feel that you have to start that positive reinforcement at an early age so that kids really do value their self worth.

Keeping it Positive Pleasant Dreamz Pillowcases get this mom's seal of approval!

Get yours! You can purchase Keeping it Positive Pleasant Dreamz Pillowcases via their website for $16.50
